4 FIREMEN PERISHED

Most Spectacular Fire Occurs In New York.

SOME NARROW ESCAPES

Parker Building, a Thirteen Story Structure Destroyed—Fire is Fought by Half the Firemen of Manhattan. Loss $6,000,000.

New York, Jan. 13.—Four firemen went to their deaths Friday night when they responded to a fire that ruined the Parker building, a twelve story business structure, occupying the block between East Eighteenth and Nineteenth streets, on Fourth avenue.

Fought by half the firemen of Manhattan and apparatus that blocked the streets for blocks, the flames were never controlled, and only with difficulty confined to the building in which they originated. Floor after floor gave way and dropped to the basement, and beneath these and crumbling walls no less than thirty firemen were caught and either killed outright or seriously injured.

Firemen's Roll Called.

When the fire had burned itself out and the firemen's roll was called, three men of engine company No. 72 and one from fire patrol No. 2 failed to respond. They were:

Thomas Phillips, Thomas O'Connor, John Lynch and John Fallon.

Tim Hutchinson, of Patrol No. 3, was removed, dying, to the hospital. Captain Wilson and Captain Garvin, of engine companies Nos. 24 and 72, who were injured internally, were among those dangerously hurt.

When the casualties began, the Florence hotel, which adjoins the burned building on Eighteenth street, was made a temporary hospital, where fire department physicians gave immediate aid to the injured. The monetary loss was estibated at $6,500,000.

The fire was one of the most specular, as well as disastrous, in recent years. From start to finish its course was marked by heart-rending scenes, sensational escapes and flashes of heroism.

With the first streak of dawn Saturday scores of firemen began the task of searching the ruins of the building at Nineteenth street and Fourth avenue for the bodies of the four firemen who were reported missing after the calling of the roll of the companies that took part in fighting the spectacular fire that destroyed the 13 story building Friday night, causing a loss variously estimated at amounts reaching $6,000,000.

The great building burned almost like tinder. The fire in the upper stories gaining headway unchecked, as it was far beyond the reach of the fire department's great water towers.

Sensational Rescues.

Sensational rescues were the feature of the fire. Five men who were at work on the top floor of the building, were cut off from rescue below and sought the roof where they stood silhouetted against the flames which had broken through the roof. From the top of an adjoining building, several stories lower than the blazing one, a line was shot up to the other building, and with this line the men drew up the hose.

Three firemen were caught in the sixth story when a floor [illegible] them dropped and were forced upward to the seventh and then to the eighth story of the building.

Hairbreadth Escapes.

From below it seemed that rescue was impossible until several firemen securing scaling ladders began to swing themselves up the face of the tottering wall. Climbing to a window ledge the ladder with its great hook was drawn up and swung to a higher ledge, the men working heroically until their endangered comrades were reached.

Down the smoking wall the men came slowly, almost painfully, until they were near enough to the ground to drop into their comrades' outstretched arms. So narrow was the escape for rescuers as well as rescued that the ladders themselves were burned where they hung when the firemen dropped from their rungs.

In addition to the missing, a socre or more firemen were hurt, their injuries ranging from painful bruises to injuries that may prove fatal.

BANNER BASEBALL YEAR.

1908 Holds Out Most Flattering Prospects, Says Hermann.

New York, Jan. 13.—That 1908 will be a banner year for professional baseball is the opinion expressed by President Garry Herrman, of the national commission, in a letter published here Saturday. In the letter Hermann says:

"I believe that the present year holds even greater prospects for baseball than there were results in 1907. Through the instrumentality of the national commission and the National Association of Minor league clubs, the various baseball interests are being drawn closer and closer together in a more friendly co-operation, with the natural result that events are being eliminated and beneficial features evolved that cannot but work to the best interests of the great national game. In my opinion, the races in both the national and American league will be more exciting in 1908 than they were in 1907. It was plain that the weaker teams on both circuits have been strengthened more than the stronger ones. This means that the second division teams will be tougher propositions in 1908 than they were in 1907."

ANCIENT JEWELS RECOVERED.

$17,000 Worth Had Been Stolen from Home of Connecticut Man.

New York, Jan. 11.—In an untenanted room in a tenement on the East Side Friday, detectives found a valise containing ancient jewelry valued at $17,000, stolen Sunday from the home of Charles F. Brooker, at Ansonia, Conn.

Frank Rivira, who was formerly a pantry butler in Mr. Brooker's Ansonia home, his wife and his brother, Carlo, are under arrest charged with the theft and are held awaiting extradition papers from Connecticut. Although Rivira was identified by pawnbrokers and dealers in antiques as a man who had tried to sell them antique jewels, nothing of the kind was found in the room he occupied with his wife.

FLOODED WITH DEPOSITS.

Currency Which Was at a Premium is Now Drug on the Market.

New York, Jan. 13.—Currency which was at a premium a short time ago, is now something of a drug on the market according to officials of savings banks, which within the last ten days have been flooded with deposits by panic time money hoarders.

The large amounts of currency received have in many instances caused the 10 per cent limit which these institutions are allowed to carry in cash to be exceeded. The surplus has been turned to their depositories, state and national bank. Savings banks men now report protests from these institutions which are asking for deposits by check instead of cash, which they find inconvenient to handle.

Dropped Dead in Store.

Griffin, Ga., Jan. 13.—Starkey Hand a prominent and wealthy farmer of Line Creek district, Spalding county, died suddenly here Friday, falling dead in T. H. Wynne's jewelry store at 3 o'clock. He came to Griffin with his wife and son, and just before starting home dropped into the store. While talking to several friends he was seized with heart failure.

Cunard Meets White Star Line's Cut.

Liverpool, Jan. 13.—The Cunard Steamship company has made a further reduction of $3.50 in its steerage rates to meet the White Star Line's second cut. The Cunard line has also followed the White Star Line in its reduction in the second cabin rates.

To Abolish Secret Societies.

Chicago, Jan. 13—The school management committee of the board of education voted Friday to abolish secret societies in the Calcago high schools. This means an end to the fraternities so far as the official tolerance of the school authorities is concerned.

JURY IS COMPLETE

Trial of Thaw is Scheduled to Begin on Monday.

IS EXPECTED TO BE BRIEF

Thaw Announced that He Was Entirely Satisfied with the New Jury—As a Whole, Jury is a most Inteiligent Body of Men.

New York, Jan. 13.—The jury in the case of Harry K. Thaw for the murder of Stanford White, was completed late Friday afternoon, and on Monday morning the prosecution will present its direct case against the defendant.

Five jurors in all were accepted and sworn in at the morning and afternoon session held Friday. As a whole, the jury is made up of a most intelligent body of business men, most of whom are at middle age or over.

When the panel had finally been completed after many delays, and after the exercise of twenty-three peremptory challenges by the defense and twenty by the people, Thaw announced that he was entirely satisfied and, in fact, pleased with the twelve men chosen. Young Mrs. Thaw, who has watched the selecting of the jurors with the keenest interest, also declared she was well satisfied.

"They are much nicer than the men selected last year," she said, as court adjourned, and Thaw exclaimed that he echoed his wife's sentiments. The prisoner and his wife had an earnest five-minute talk after the last juror had been sworn, and while the attorneys were conferring as to the appointment of a commission which will be sent to Pittsburg to take the testimony of Mrs. William Thaw, the mother, who is still too ill to come on to New York.

The new jurors selected are Messrs. McHugh, Howell, Burck, Dovale and Hooper. The last two seats in the jury box were especially hard to fill, and a number of talesmen were passed temporarily into these places, only to be excused in a few minutes by the challenges from both defense and prosecution.

On Monday morning the trial will be opened by a brief by Assistant District Attorney Garvan, and then the people's case will be put in.

The twelve men who will decide the young Pittsburger's fate are all beyond middle age, there being five gray heads on the jury box. Then all of them are fathers of families.

The fact that the jury was finally accepted without the attorneys using up all the peremptory challenges allowed showed that both the prosecution and defense are satisfied. Of the 500 veniremen summoned, 372 were examined, the defense using twenty-three peremptory challenges and the prosecution twenty, each side having been allowed thirty. At the first trial 336 veniremen were examined before the jury was finally completed, and each side used all its peremptory challenges. That fact that eight days were required to complete the first jury, while the work this time was accomplished in five, is due, in some degree, to the night sessions of the court, which Justice Dowling insited on holding.

Cannot Tax Certain Moneys.

New Orleans, La., Jan. 13.—According to a decision handed down here by Judge Saunders, in the United States court, state assessors cannot tax money loaned by foreign insurance companies to local policyholders, nor can premiums collected and deposited locally be taxed while awaiting transactions to the home office. The decision was made in a case which grew out of an effort by the state assessors in the parish of Orleans to tax such moneys of the New York Life Insurance company.

Arrested on Contraband Charge.

St. Petersburg, Jan. 13—Captain Kayutin, the commander of a Russian Black Sea steamer, has been arrested for bringing into the country large quantities of arms for the use of Russian revolutionists.

HAD NARROW ESCAPES.

People Rescued from Burning Building in Sensational Manner.

Ashtabula, O., Jan. 13.—A number of persons were rescued in a sensational manner Friday night in a fire which gutted the four-story building of the Warren company. All of the inmates got out alive, but several were badly hurt.

The fire started from an explosion in the Reed furniture store on the second floor. The flames shot up to the second, third and fourth floors, which were occupied as living apartments by several families.

The only escape from these apartments was by an inside stairway and the elevator, and shortly after the fire started both of these were cut off by the flames.

Mrs. Kitzler who lived on the third floor, had to be taken out of a third story window by firemen. Coming down the ladder she fell twenty feet to the sidewalk and was sent to a hospital badly injured.

A number of other persons were overcome by smoke, while several of them were more or less burned before they were carried out of the building to a place of safety.

HUMAN BONES ARE FOUND.

Another Link in Chain of Evidence is Being Forged Against Bavari.

Florence, Colo., Jan. 13—The finding of charred portions of human bones Friday in a cabin adjoining one in which he lived, added another link to the chain of evidence being forged by the police against Anton Bavari, the Italian charged with murdering Joseph Minichello and suspected of having foully dealt with two other fellow countrymen, as well as an Italian woman with whom he was living, all of whom have disappeared within the last month.

Mrs. Joseph Minichello, who swore to the complaint against Bavaria on Friday, told the police of a quarrel her husband had with Bavari on the night of the former's disappearance, dramatizing her interview with the statement:

"I believe Tony Bavari killed my husband on that night."

POPULAR RAILROAD MAN DIES.

Death of Willis J. Swain, Auditor of the A., B. & A. Road.

Atlanta, Jan. 13.—Willis J. Swain, auditor for the Atlanta, Birmingham and Atlantic railroad, died suddenly and unexpectedly after a short illness from grip at the Presbyterian hospital Friday afternoon.

Mr. Swain had been connected with the Atlanta, Birmingham and Atlantic Railroad company since its inception—in 1896—when the line was then known as the Waycross Air Line. He was the auditor of that railroad, with headquarters in Waycross, and when the line was further developed and extended, he remained with it in the capacity of auditor. Two years ago when the headquarters of the road was removed to Atlanta, Mr. Swain took up his residence here, where he immediately became a conspicuous figure in the railroad and social life of the city.

Little Change in Strike Situation.

Nashville, Tenn., Jan. 13.—A Madisonville, Ky., dispatch says that because the company would not grant them an increase of 25 cents per day in wages, eighteen drivers employed in the Reinecke mines near this city quit work. There is little change in the strike situation in this section. Two more operators in Webster county have signed the agreement and are now working union men. Several mines are still closed down.

Fire at Ninety-Six.

Columbia, S. C., Jan. 13.—There was a large fire at Ninety-Six Friday morning, starting about 3 o'clock. The loss amounting to $14,000. Nothing of any consequence was saved from the burned buildings.

Stroke Proved Fatal.

Albany, Ga., Jan. 13.—John Temple Hester died Friday morning from the effects of a stroke of paralysis suffered at the dinner table Christmas day. He was tax collector of Dougherty county and a highly esteemed citizen.

HOLY WAR DECLARED

Mulai Hafid Has Been Proclaimed Sultan of Fez.

IS OFFICIALLY CONFIRMED

Proclamations Were Issued at All the Principal Mosques and All Moorish Formalities Attending Such Ceremonies Were Observed.

Tangier, MoMrocco, Jan. 13—Mulai Hafid has been proclaimed sultan at Fez, one of the capitals of Morocco, and a holy war has been declared.

Unverified reports to this effect have been in circulation for some days, but Saturday official confirmation was received.

Abdul Aziz, the sultan of record, was formally deposed from the sultanate.

The proclamations were issued at principal mosques and all the Moorish formalities attending such ceremonies were scrupulously observed.

The ulemas, or body of Moslem doctors, who interpret the Koran, of the Chofias tribes, and the city officials, were the principal leaders in the movement.

The followers of Mulai Hafid made use of the decision of Abdel Aziz to co-operate with France and Spain in the execution of the terms of the Algeciras act and the installation of an international police force in the coast towns of Morocco to arouse the fanaticism of the southern Moors.

Abdel Aziz was represented as having sold himself to the Christians; as having connived at the invasion of the sacred soil of Morocco by Christians, and as being ready to turn the country over to the foreigners.

MAY BE AN "OVER IDEAL."

Judge Grosscup Speaks of President Roosevelt in Recent Address.

Chicago, Jan. 13.—Judge Peter Grosscup, of the United States circuit court, thinks President Roosevelt may be an "over ideal." In an address at the Twenty-fifth annual initial banquet of the Beta Theta Pi fraternity, at the Congress hotel, Judge Grosscup said:

"I may not be sure but what Roosevelt is an over ideal. We must not go too far in ideals. We must not over-emphasize them at the expense of the practical side of life. They go hand-in-hand with and accomplish something more than dreams. Ideals are often overdrawn, and we may carry them too far. It is in this respect that I refer to the president. We should not devote ourselves in this commercial age to mere ideals, but should look further."

$10,000 Locker License.

Milledgeville, Ga., Jan. 13.—There will be no locker clubs in Milledgeville just yet. At the last meeting of the city council an ordinance putting the license tax at $10,000 was passed without a dissenting vote. This action of the council was in accordance with the sentiment of the majority of this community and to have the matter thus decisively settled is more satisfactory to the club men than to have the matter up in the air as will be the result in some communities.

No Trace of Missing Men.

Spokane, Wash., Jan. 13.—A. C. Coggin, of Seattle, state manager of the Loyal Americans, J. W. Veasey and John Peters, wealthy sheep men of Prosser, left for Durango, Mexico, last March to purchase land. They took about $30,000 with them. No trace has been found since last May, although it is known that they reached Durango.

Shot and Killed His Sister.

Mobile, Ala., Jan. 13.—News was received in Mobile Saturday from St. Stephens, Ala., near here, that the ten-year-old son of Mr. and Mrs. Robert Mosely, a prominent merchant of that place, shot and killed his sister, aged twelve, at their home Friday night. The full discharge from the gun hit the little girl between the shoulders, completely severing the spinal column. Death was instantaneous.

JOHN HUGHES AGAIN IN TROUBLE

Former Gainesville Man Captured On Isthmus of Panama.

ESCAPED BUT WAS RECAPTURED

Hughes Lost An Arm in Gainesville in Difficulty with a Negro Whom he Killed in Self-Defense—Captured Notorious Outlaw John Kelley.

John Hughes, who was a brother of Frank Hughes, the lawyer who committed suicide by jumping overboard from a steamer just before sailing from Philadelphia several years ago, is in trouble again. He has been residing in Osceola county for several years, where he has been engaged in the fishing business. About a year ago he shot and killed a man at Kissimmee, but the coroner's jury exonerated him and he was released. The grand jury, however, indicted Hughes for murder and he left for parts unknown, being finally located in Panama, where he was arrested and lodged in jail. Governor Broward secured a requisition for the man and the sheriff of Osceola county went to the Isthmus for the prisoner, but Hughes escaped just before the sheriff arrived, and the latter took the first boat back to New York. On arriving in New York the officer found a telegram awaiting him saying that Hughes had been recaptured. The sheriff wired to send him on to New York, and a dispatch under date of January 12th announces the prisoner's safe arrival there.

Hughes resided in Gainesville for several years, and lost an arm here in a difficulty with a negro, whom he killed in self-defense. He was considered a good-natured fellow, and was his own worst enemy. It is not known here whether Hughes left Kissimmee prior to or after the grand jury indicted him, but his friends here trust that he will come out of his present trouble all right. He rendered great service to the people of this county during the murderous depredations of the Harmon Murray gang, and captured the white outlaw member of the gang known as John Kelley, who, together with the negro Tony Champion, was hung to a tree in East Gainesville where now stands one of the finest residences in the city.

RELIEVES IN FIVE MINUTES.

Help Comes Quickly When Hyomei is Used for Catarrh.

The quick relief that comes from the Hyomei treatment for catarrh is most remarkable. Put a few drops of liquid Hyomei in the little pocket inhaler that comes with every outfit, and before you have used the treatment for five minutes you will notice relief from your catarrhal troubles.

It gives a tonic healing effect to the air you breathe, kills all catarrhal germs, stops the poisonous secretions, and soothes the irritated mucous membrane.

Hyomei will destroy all disease germs in the nose, throat and lungs and make a quick and permanent cure of catarrh. So strong are J. W. McCollum & Co's. belief in the power of Hyomei to cure all catarrhal troubles that with every $1.00 outfit they give a guarantee to refund the money unless the remedy gives satisfaction.

Gainesville's New Resort.

Interest in the new resort for ladies and gentlemen, the Gainesville Box Ball and Pool Parlor, seems to increase, as good crowds attend the resort daily. Manager Chesser is determined to conduct a neat, up-to-date and orderly place, and a resort which any lady may attend with perfect safety.

Box ball, which is played on the order of ten-pins, is something new in this city. It is not only a game of considerable science, but affords excellent, but not strenuous exercise, as in bowling.

The highest score for the week ending Saturday night was made by Theo. Cannon, who scored 174.

Mr. Chesser is now placing three new and up-to-date pool tables, which will be ready within the next day or two.

The management expects to devote certain afternoons to the ladies, which will be announced later.

NATURE AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon the roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 515 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my troubles public.

"For twelve years I had been suffering with the worst forms of female ills. During that time I had eleven different physicians without help. No tongue can tell what I suffered, and at times I could hardly walk. About two years ago I wrote Mrs. Pinkham for advice. I followed it, and can truly say that Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.

REV. MRS. M'KINSTRY.

Famous Woman Lecturer Drawing Good Crowds at Advent Church.

Mrs. McKinstry's lectures at the Advent Christian church Sunday were very fine, a good audience being present at the morning service, which was greatly increased in the evening.

Mrs. McKinstry seems to be at her best, and those who hear her are very much enthused over her work. Extra seats have been placed in the church to accommodate more people, but we feel sure the seating capacity will not supply the demands yet. If the people of Gainesville could realize the importance of these lectures as those who hear them do, a large auditorium would be required to accommodate the crowds who would be present to hear her.

Tuesday night Mrs. McKinstry will lecture on "The Roman Empire," and everyone in Gainesville should hear her if possible. Wednesday evening her subject will be "Rome Divided." Thursday evening, "Rome and Modern Europe," will be the subject.

Was Arrested in Texas.

Dallas, Tex., Jan. 13.—Henry Coleman, a carpenter, wanted in Birmingham, Ala., on a charge of murder, was arrested here Saturday. Coleman, who had accumulated some property during his several years' residence in this city, it is stated, has admitted he is the man wanted. The crime of which he is charged, was committed in 1901.

JAMES E. STARKE IS A FREE MAN

State Board of Pardons Releases Slayer of Wife's Brother.

FIRST JURY MADE MISTRIAL

Second Trial Resulted in Conviction and Life Sentence—Starke's Wife Died Short Time Ago and He is Said to Be in Bad Health.

The Jacksonville Metropolis of January 13th contains the following which will be of interest to many of our readers:

"James E. Starke was granted a pardon by the Board of Pardons last week. The board was in session three days and passed on a number of cases. The Starke case was of the greatest public interest. Starke was convicted five years ago and sentenced to life imprisonment for killing his wife's brother, John Angel, who was an employe of the Southern Express Company at Jacksonville.

"Starke comes of a good Virginia family and his trial was attended by the immediate members and created a sensation at the time. The first hearing resulted in a mistrial and after nearly a year in jail for the defendant a second trial resulted in conviction with life sentence. Defense was based on an allegation of temporary insanity. Since his conviction Starke has been at Dunnellon convict camp, and it was represented to the board that his health is far from good, having suffered a stroke of paralysis. He is now 50 years old; his wife died a year ago, and he will be taken back to his old home in Virginia."

The Joy

Of living is to have good health. Use Herbine and you will have bushels of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of Herbine, a positive cure for all liver complaints. E. Harrell, Austin, Texas., writes: "I have used Herbine for over a year, and find it a fine regulator. I gladly recommend it as a fine medicine for dyspepsia." For sale by W. M. Johnson.

Rate War at an End.

Berlin, Jan. 13—The North German Lloyd Steamship company and the Nippon Yusen Kaisha (Japanese Steamship company) have entered into an agreement whereby the Japanese company gives up its Indo-Chinese trade in favor of the North German Lloyd. The conditions of the agreement are not made public, but they are declared to be satisfactory to both sides. The rate war between these two companies is thus at an end. It lasted eighteen months.

Favor Secretary Taft.

Columbus, O., Jan. 13.—Petitions were started throughout Columbus and vicinity Saturday by the republican county organization asking the county board of elections to place on the ticket at the coming republican primaries, Feb 11, a list of candidates for delegates to the state convention, to be headed: "Our choice for president, William H. Taft."

Was Fatally Wounded.

Chattanooga, Tenn., Jan. 13.—A special from Rising Fawn, Ga., says Jasper Austin, a lumberman and mill owner on Sand Mountain, was shot and fatally wounded with a shot gun in the hands of John Dodds, who made his escape. A misunderstanding concerning a girl is said to have led to the shooting.

Turpentine and Mill Men and Contractors Cutting Forces and Pay.

The naval stores operators and mill men throughout this section are reducing salaries and cutting their forces to an alarming extent, the reduction in salaries in some instances being thirty-three per cent.

Monday's Fire.

An alarm of fire was turned in at 4 o'clock Monday afternoon, which summoned the department with its usual promptness to a house occupied by colored people in West Boundary street.

Owing to the delay in turning in the alarm, and the long distance from the station, the fire gained quite a headway, hence there was considerable damage to the roof. However, the flames were soon extinguished after the arrival of the department.

Well-Known and Beloved Lady Passed Away—Funeral Monday.

The remains of Mrs. Reuby Lydia Travis, formerly Miss Reuby Phillips of this city, who died at the home of Mr. Frank D. Milstead in Kirkwood, Ga., on the 11th inst., were brought to this city Monday and interred in Evergreen cemetery Monday afternoon, Rev. Francis Craighill officiating. The remains were accompanied from Georgia by the broken-hearted husband, Mr. David Wylie Travis, and Rev. Dr. C. B. Wilmer of Atlanta, a brother-in-law of the deceased, and were met at the depot by a large concourse of friends.

The funeral services occurred in the new Episcopal church at the corner of East Main and Mechanic streets, and were sad and impressive. From her earliest childhood Mrs. Travis had been an active, earnest member of Holy Trinity church, and the various church societies. The church choir, of which she was for years the leading spirit, has never seemed complete without her. Scores of people in the congregation were no doubt stirred to tender memories of comfort and inspiration they had received in times gone by as her sweet, sympathetic voice rose in anthems over their dead. Many of her friends regretted that the services could not have occurred in the little wooden church on West Main street, recently abandoned by the Episcopalians for the new and handsome edifice. It was in this little church, sacred to the joys and sorrows of so many of the older residents of Gainesville, that Mrs. Travis worked zealously as child and young woman, and in this church she was married to Davis Wylie Travis of New York City in February, 1900.

Two children have been born to them and survive the mother, Robert Phillips, aged seven years, and Catherine Jordan, aged one year.

Nearly all of Mrs. Travis' life had been spent in Gainesville, and she has friends by the score who are much saddened by her sudden death in the very fullness of an almost perfect, happy life. As Miss Reuby Phillips she is remembered as one of the most attractive and gracious young girls who ever graced Gainesville society, and there are many in the lowlier walks of life who will send blessings after her departed soul for a cheery greeting, kind words, or ready charity, bestowed here and there at the right time and in the right way.

The death of one who has lived like this, and can leave behind such thoughts and memories, is not a horror. It is a thing of majestic beauty, adding new lustre to a well-spent life.

The father and mother of Mrs. Travis, Dr. and Mrs. N. D. Phillips, who are universally loved and respected in this city, were present with her in her illness and last moments, as was also her sister, Mrs. C. B. Wilmer formerly Miss Kate Phillips. Another sister, Mrs. L. R. Woods of Tampa, formerly Miss Cera Nelle Phillips, was present at the funeral services, as was also Mrs. Will Jordan of Tallassee, Alabama.

Mrs. Travis was born in Tallassee, Alabama, October 4, 1875, but came to this city with her parents in infancy. At the time of her death she was a resident of Jacksonville, where Mr. Travis is engaged in business.

The Sun takes the liberty of extending to Mr. Travis, Dr. and Mrs. Phillips, and the other relatives of Mrs. Travis, the sympathy of the entire city of Gainesville in this sad bereavement.

She has many relatives in this city: Mrs. Clara J. Richards and family, W. W. Hampton and family and Mrs. H. F. Jordan and family.

Successful Cat Chase.

L. W. Fennell, J. L. Boulware and Steve Cullen, bent on an exciting time, indulged in another wild-cat chase in Tuten scrub, near Newnan's lake, early Monday morning, and returned as evidence of their success a fine specimen of his catship, weighing about twenty-four pounds.

In describing the chase, Mr. Boulware, who is an experienced sportsman in this direction, said it was one of the prettiest and most exciting chases he had ever participated in. It lasted for about two hours, Mr. Fennell finally making the shot which ended the animal's life.

On this hunt the party took four seven-months-old pups which had never been in the woods before, but they behaved beautifully. Two of these pups were shipped by Mr. Boulware to Mr. Fennell from Texas several months ago.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

THE GAINESVILLE BAND.

Well Attended and Enthusiastic Meeting at Opera House Last Night.

In obedience to the call, quite a number of the musicians of the city assembled at the opera house Monday night for the purpose of reorganizing the brass band.

There was considerable interest manifested at this meeting with the result that an organization was perfected, and the members propose to get down to business at once.

A good band is one of the best advertisements a city can have, and this venture should, and no doubt will be encouraged by our citizens and business men.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

IMPORTANT TO SUBSCRIBERS.

Owing to a new rule of the Postmaster-General publishers of newspapers are not permitted to extend credit to subscribers for more than one year for weeklies or three months for dailies. It therefore behooves subscribers to settle their back dues at once, as we must revise our list and eliminate the names of all subscribers who are in arrears further than the new law permits. We have now no choice in this matter, but are compelled to comply with the new rule in order to send The Sun through the mails at pound rates.

The new rule of the Postoffice Department is made to rid the mails of publications issued principally for advertising purposes, and while in some instances it will work a hardship upon legitimate publishers, the order will in the long run prove of benefit to them by eliminating from the mails unfair competitors who have abused the pound rate privileges.

Postmaster Lynch of the Gainesville office is disposed to be as lenient as possible with the publisher, but our list must be revised at once, and unless you settle your subscription account it will be our unpleasant duty to strike your name from our mail list.

GOVERNMENT DEFENDS ITSELF.

It is not often that the Government takes the trouble to get into the newspapers in defense of itself. But there has just developed a case in which the Attorney-General, at the direction of the President, has prepared and given out a statement in reply to a newspaper criticism.

The Santa Fe railroad has just been fined $320,000 for rebating. It was a flagrant case, and there was some surprise that the fine was not even heavier. But President Ripley of the railroad was naturally not very much pleased and indulged in some rather caustic criticism of the Department of Justice, calling the prosecution "futile, vexatious, unfair," and several similar adjectives. It was in reply to this outburst that the Attorney-General spoke, or rather wrote, for the statement was carefully written and officially given out so that there might be no mistake about it.

He said that the remarks of President Ripley were most surprising, seeing that the prosecution had been instituted by some of the most careful officials of the department after the most searching inquiry. President Ripley said that the offenses complained of in the prosecution had been committed by a very minor subordinate of the road "in direct defiance of the orders of the management." Attorney-General Bonaparte said that this was a most specious excuse and one too often put forward by railroads and other corporations caught in illegal practices. He said that the subordinate had nothing and the road everything to gain by the violation of the law, and he doubted much if the alleged "direct orders" against rebating had ever been issued. He pointed out that the convictions obtained were obtained on the record of the company's own books, and that there were many other cases that it was confessed had been covered up by burning the incriminating records. The fine, he said, was only one-fourth of what might have been imposed, and in conclusion he said that the attitude of President Ripley not only reflected on the court and on the Department of Justice, but was calculated to bring the railroad into even deeper disfavor with the public which had been wronged. This, he said, was perhaps the most important feature of the case, as it deepened the public resentment against corporations in general.

A special dispatch to The Washington Post from Bedford City, Va., says an epidemic of typhoid fever prevails there, caused from washing the clothes of a girl who had the disease in the spring from which the city gets its water supply. Several deaths have occurred and the State and National health authorities have been requested to make an investigation. The National Home of the Protective Order of Elks is located at Bedford, also one of the largest boys' schools in the country, and it was there that the editor's son contracted the dread disease from which he has been confined to his bed for nearly three weeks.

Hon. Park Trammell, who recently withdrew from the race for United States Senator, has been "persuaded" to become a candidate for Attorney-General in opposition to the present incumbent, W. H. Ellis of Quincy. They are both fine speakers and the voters may look for an interesting campaign between the two gentlemen.

There seems to be the customary modesty among statesmen about thrusting themselves forward for the Vice-Presidency.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Erastus started from his own shack to the neighbor's to get some medicine for his sick mule. He had gone only a few yards when he heard the tread of strange beasts behind him. Only a couple of nights before a big bear had been shot in that neighborhood. Erastus started on a wild lope, but he could always hear the big beasts just behind him for the whole three miles. The neighbor took his gun and went out to investigate. Patiently waiting in front of the house was Erastus' sick mule. The animal had followed his owner all the way.

ACCIDENT TO PHYSICIAN.

Dr. McKinstry's Buggy Overturned, Causing Him Painful Injury.

Friends of Dr. J. F. McKinstry, Jr., will regret to learn that on Sunday morning he happened to the misfortune of being thrown out of his buggy, the vehicle turning upon him, causing painful injuries, from the result of which he was compelled to take to his bed for a while. His condition is reported better now, however, and it is hoped he will have entirely recovered in a day or two.

Dr. McKinstry, as he was about to make a call, stepped into the buggy, the lines being thrown across the dash-board. Before he had an opportunity to grasp the lines the horse started, making a sudden turn, which threw the occupant out. The buggy also turned, making matters more serious, and causing the injury.

Dr. McKinstry seems to have been most unfortunate for the past two or three days, as on Saturday one of the wheels of a buggy he was driving was smashed by coming into contact with a manhole.

ooper's New Theory Attracts Widespread Attention During Stay in Cincinnati.

n adequate idea of the intense in- est which has been aroused by ng Mr. Cooper during the past year h his theories and medicines is en in the following article which eared in the Cincinnati Post while per was introducing his ideas to people of that city. The article s: "The beginning of Mr. Cooper's nd week in Cincinnati gives every ication that he is to enjoy the same uishing success here as in other es.

From the first day of his visit the rds that call to see him have stead- increased, until now it has reached oint where several thousand talk h him each day. The entire city ms to have become interested in his ory that the human stomach is enerate, and he already has an y of followers in Cincinnati who n positive that his claims are cor- .

A number of Cincinnatians were rviewed at Cooper's headquarters Friday, and several interesting ements, showing their intense faith Cooper's preparations, were secured. following are selected from these ements and are characteristic of n all: Mrs. M. E. Emerson of 630 t Court street, said: 'I have suf- d with stomach trouble and con- ation for a year or so. When I I would have bloated spells, sour ach, fermentation, bad taste in mouth. In the morning I was as tired as when I went to bed. I had a dull pain in the lower part of my back. I have taken almost one bottle of the New Discovery and am so wonderfully improved that I have come down here to thank Mr. Cooper in person and obtain more of the medicine.'

"Another individual interviewed was Mr. J. H. Brooks, living at 527 Walnut street, who had the following to say: 'For the past eighteen months I have been a constant sufferer from catarrh of the head and stomach. My nasal passages would become inflamed and sore. I would have severe headaches, which affected my eyes, and great crusts of matter would drop into the throat, causing an irritation of the bronchial passages, until the stomach finally became poisoned. When I would lay down at night a phlegm would gather in my throat until it almost choked me, and would cause an annoying cough. Half a bottle of Cooper's New Discovery gave me relief, and when the first bottle was finished I felt like a new man. I am now completely cured and consider Cooper's New Discovery the greatest catarrh, blood and stomach remedy in the world.'"

The Cooper preparations have been wonderfully successful throughout the United States. We consider them remarkable medicines and would be pleased to explain the nature of them. —J. W. McCollum & Co.

Dyspepsia Tablets

Rexall

TRADE NAME

The Secret of Long Life

If you would live long, guard your stomach.
Most cases of sickness and death are traced to the stomach.
A disordered stomach shuts off food nourishment—the active principle of life.
No other disease accomplishes this as quickly or so effectively as dyspepsia.
Does your food distress you?
Does a bitter fluid rise in your throat?
Are you weak and dizzy?
Does everything appear dark when you suddenly straighten up from a bent position?
Is there a bad taste in your mouth and is your breath foul?
Do you experience a sense of impending calamity?
Are you becoming thin and haggard?
Then you have dyspepsia!
Many people think these symptoms will pass away of their own accord. *They will not! Dyspepsia never cures itself*—even the best scientists often fail to cure it.

We know of but one remedy that will positively cure this disease—Rexall Dyspepsia Tablets.

These tablets furnish the one element necessary to enable the stomach to digest food and to again take up the work of supplying nourishment to the famished body.

We have seen them effect many marvelous cures. We do not know of a single instance where they failed to greatly benefit the sufferer.

We want you to try Rexall Dyspepsia Tablets, and agree to return your money if you are not more than satisfied with the result.

Price 75 cents per full size package.
Only at our store or by mail.

AT PRESBYTERIAN CHURCH.

Two Interesting Sermons Sunday by Dr. Sledd and Dr. Strouse.

There were two interesting sermons at the First Presbyterian church Sunday, both morning and evening services being well attended, despite the threatening weather.

In the morning Dr. Sledd, than whom there is no more logical or eloquent speaker in the State, delivered a fine discourse, which was deeply appreciated by those present. Dr. Sledd never fails to attract a good congregation.

In the evening Dr. Clarence B. Strouse consented to fill the pulpit, and he was greeted by his usual large congregation. He preached on the subject, "Universal Law," and from beginning to the close of his discourse, commanded the closest attention.

Rev. Thos. P. Hay, who is off on a vacation with his family, expects to return in time to fill his regular appointments next Sunday.

New Hardwood Mill.

The Brown-Jennings Hardwood Company, experienced hardwood men, have decided to establish a mill in this city, and are now at work on the plant, which will be located in South Gainesville near the warehouse of the S. J. Thomas Company. They have been operating in Lake Butler for some time.

This will prove a good thing for Gainesville, as the firm expects to employ quite a force. They will cut hard wood in all marketable shapes, and will no doubt enjoy a fine trade throughout the country.

Dr. Pearce in Lakeland.

Friends of Dr. Harry L. Pearce, who left here several weeks ago for South Florida in search of a location, will be interested to learn that he has opened a dental office in Lakeland, where he has decided to make his future home.

Dr. Pearce, who is a Gainesville boy, is a graduate of the Atlanta Dental College, and has also had a great deal of practical experience through his connection with Dr. Alderman. He stands high in his profession, and friends predict for him a bright future.

BETTING ON THE RESULT.

Republican Campaign Wagers Already Being Made in New York.

New York, Jan. 13.—With the conventions which will nominate presidential candidates months away, betting on the result of the election has already been started at the Metropolitan headquarters for campaign wagers at the Hoffman House.

The first wager of the campaign is reported as having been recorded on the order of John S. McDonald, the turfman, to bet $5,000 that Governor Johnson, of Minnesota, if nominated for the presidency, would be elected. The reported taker of the wager is Thomas Shevlin, father of Thomas Shevlin, the Yale foot ball player, and at one time member of the republican national committee from Minnesota.

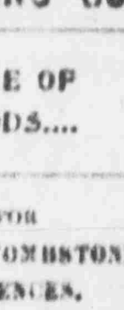
Coca-Cola



Proves Big Help For Tired Housewives

There is bound to come a time through a mother's endless day when over-worked energies refuse to continue the heavy strain. A cold bottle of Coca-Cola solves this important problem. It clears the throat of flying dust, invigorates and sustains the strength. Bottled Coca-Cola is made right, mixed right, IS RIGHT. Sterilized bottles, filled by antiseptic machines mean the proportions are always correct. Look for Crown Label.

NEWS LETTER FROM NATIONAL CAPITAL

Many Bills Introduced at Reconvening of Congress.

SEVERAL BANKING LAW BILLS

Have Been Introduced and One or More Likely to Pass—John Sharp Williams Favors Smaller Standing Army—The Brownson Incident.

Special Correspondence The Daily Sun.

Washintgon, D. C., Jan. 13.—Democrats and Republicans alike are up in arms over the treatment by the President of Rear Admiral Brownson concerning the resignation of the latter as Chief of the Bureau of Navigation. The President is roundly censured because of his failure to make public a letter written by Admiral Brownson in which he gives his reasons for the belief that the assignment of a naval surgeon to the command of a hospital ship is against the law and to the detriment of the service. Every application at the White House for this letter is met with the reply that the letter in question has no bearing upon the point at issue. Needless to say, the friends of the Admiral are of the opinion that this letter contains the crux of the situation and they consider that the President has handed out to Brownson anything but a "square deal" in this matter.

The "Bill to amend the national banking laws," prepared by Senator Aldrich, introduced in the Senate and referred to the finance committee of that body, is the important topic of discussion in political circles. As yet the Democrats have not committed themselves on this measure and the Republicans are very sanguine of little opposition from their Democratic brethren; in fact, the leaders in both houses think there is every likelihood that the bill will get through the Senate and the House in a reasonably short time.

Many bills were introduced in the House on the reconvening of Congress after the Christmas holidays, about one hundred and sixty in all, and of this large number one of the most important was a bill by Representative John Sharp Williams, repealing the law directing that three-fifths of the fifteen per cent reserve of national banks may consist of balance due a bank available for the redemption of its circulating notes from banks approved by the Comptroller of the Currency. Mr Williams' bill also repeals all laws permitting national banks to keep three-fifths of their reserves in national banks in reserve cities, and those permitting national banks in reserve cities to keep fifty per cent of the reserve in central reserve cities.

Mr. Williams also introduced a bill reducing the regular army, after the first day of December, 1908, to 35,000 men, 10,000 of whom shall constitute an artillery force for coast defense. The standing army, as now composed, embraces 40,000 odd officers and men. And a third bill was introduced by Mr. Williams repealing all laws by which national bank examiners are compensated by fees, and placing them on regular salary of $3,000 per annum.

A bill has been introduced by Representative Gaines of Tennessee, to appropriate annually, for three years, $3,000 and thereafter $1,000 annually, to be paid to the Ladies' Hermitage Association for the preservation and maintenance of the old home of Andrew Jackson, The Hermitage. President Roosevelt favors this measure and made a recommendation similar in effect in his annual message to Congress. The Hermitage estate contains about five hundred acres and is situated seven miles outside of Nashville.

During the last few weeks there has been in Washington almost an epidemic of pedestrians, the latest victim of this ailment, a Frenchman, having called at the White House the first of last week to obtain from the President's secretary a card certifying that he called at the White House. He expects to circle the globe, ending in Paris, his starting point.

President Roosevelt has recommended, in a message to Congress, that the four thousand additional employes to be given the Census Bureau for the work of taking the thirteenth census be appointed from the Civil Service, as he declares the examinations, noncompetitive, used for selecting the force for the last two censuses served only "as a cloak to hide the nakedness of the spoils system," and that such examinations are useless as checks upon patronage appointments.

Those friends of Governor Hughes of New York who are endeavoring to explain his silence on national questions claim that he is like Gov. Tilden and Grover Cleveland. Democrats in Washington, however, beg leave to differ with this analogy and point out that Tilden was by no means a stranger to national politics at the time he was proposed for the Presidency, as is Governor Hughes, but that on the contrary he was an eminent party leader, and had for years been a valued adviser of prominent Democrats in national office. His sponsors knew exactly where he stood and could speak definitely to those who did not know. And in the case of Mr. Cleveland they claim that he was vouched for by Daniel Manning, whereas Hughes has no one who can stand sponsor for him. He is a tyro in national politics and no one is more curious as to where he stands on national issues than the leaders of his own party. Therefore the Democrats are incensed that Hughes should be likened to these two prominent and well-known leaders of their party.

DOCTOR'S ORDER WAS: 'CUTICURA'

For a Bad Case of Eczema on Child —Suffered for Three Months— Disease Reached a Fearful State —Pain and Itching were Terrible.

CURED AFTER OTHER PRESCRIPTIONS FAILED

"When I was small I was troubled with eczema for about three months. It was all over my face and covered nearly all of my head. It reached such a state that it was just a large scab all over, and the pain and itching were terrible. I doctored with an able physician for some time and was then advised by him to use the Cuticura Remedies which I did and I was entirely cured. I have not been bothered with it since. I used Cuticura Soap and Cuticura Ointment but do not know exactly how much was used to complete the cure. I can safely say that Cuticura did a lot for me. Miss Anabel Wilson, North Branch, Mich., Oct. 20, 1907."

ITCHING CURED

With Cuticura Remedies in Three Days After Six Months of Suffering.

"I suffered fully six months. The trouble began on my arms in little red pimples and it was not long before it was all over my body, limbs, face, and hands. It was so bad that I could not rest night or day and during the six months, I did not get a good night's sleep. I doctored for three or four months and spent at least twenty dollars trying to find a cure but none could be found. Then I saw the Cuticura Remedies advertised, and the next day I purchased some for seventy-five cents at the druggist's. I used them and I was relieved of the itching in three days, and I have never had a sign of any skin disease since. The Cuticura Remedies are the only remedies to use for skin diseases, they have cured me and they will cure others in the same way. J. W. Bloom, R. R. Telegrapher, Holloway, Mich., Nov. 20 and Dec. 29, 1906."

Cuticura Remedies are guaranteed absolutely pure under the United States Food and Drugs Act.

Complete External and Internal Treatment for Every Humor of Infants, Children, and Adults consists of Cuticura Soap (25c.) to Cleanse the Skin, Cuticura Ointment (50c.) to Heal the Skin, and Cuticura Resolvent (50c.), (or in the form of Chocolate Coated Pills, 25c. per vial of 60) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

A Wild Shooting.

Editor Sun: In the west end of our county near Wannee, three miles west of Bell, near our peaceable community, several negroes are settled and have a peaceable settlement. On January 4th, same being Saturday night, some unknown persons rambled the negro settlement, shooting several shots into the church house and shooting near some of the homes, causing shots to rain down on the buildings which caused surprise, though they seem undisturbed, knowing that they try to live in peace with all men. The shooting is not charged to those that know them. Such is quite uncivil.

Whiskey of Merit

THAT is the only kind we ever distilled and sold. That is why our whiskies sell over and over to the customer who was satisfied with the first order---and continues so---that is why we enjoy the confidence of thousands.

Whiskey is either pure or something else. We select all the grain carefully; use only pure water; age to full maturity in our own warehouses, and insist that our whiskies reach the customer in original packages. This protects us--protects the customer--safeguards our goods from invidious adulterations by middlemen.

Our whiskies have no equal for use in the sick room, being wholesome and tonicy to weak stomachs; they are the best to serve your friends, they will appreciate their purity and enjoy their rich mellow flavor. The natural vim and vigor of the Corn and Rye is concentrated in pure liquid form in each of the following brands:

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as th imagine, one from dyspepsia, another fr heart disease, another from liver or l ney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or overbusy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only *symptoms* caused by some uterine disease. The physician, ignorant of the *cause* of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better by reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, *directed to the cause* would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in *any condition of the female system.*

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

Embalmers to Meet.

Macon, Ga., Jan. 13.—Secretary L. Burghard, of the Georgia Board of Embalmers, is making ready for the meetings of that body here on Jan. 18. At the session licenses for the new year will be issued, and those who pass the requirements will be admitted as professional embalmers. The full membership of the board will be required at the board meeting and the session will promise much business.

PREDICTION AS TO TAFT.

President Roosevelt Thinks He Will Get 600 Votes in Convention.

Washington, Jan. 13.—President Roosevelt made the prediction Friday to callers that Secretary Taft will get 600 votes in the republican national convention on the first ballot and be nominated without a contest.

This is the first positive statement in the shape of a forecast given out from the White House, and is taken to mean that the president is entirely satisfied with the outlook. The friends of the war secretary are elated. The president went into the matter in detail and showed where the secretary was going to get on the first ballot 600 of the 980 votes which will be represented at the convention.

He has recently received advices that make him confident that Secretary Taft can count on the delegations from the solid south, the solid west, many of the middle western states and one-half of the New England states.

Judson Lyons, the Georgia republican committeeman, was in Washington this week and practically admitted that Georgia would be delivered to Taft as soon as it became evident he could win.

It is practically certain that Frank H. Hitchcock will be the manager of the Taft campaign for the south and east.

GOOD BLOOD

NATURE'S PROTECTION AGAINST DISEASE

The preservation of health and prevention against disease is almost entirely dependent upon pure, healthy blood; every organ, tissue, nerve and sinew of the body draws on this vital fluid for nourishment and strength. Poisons, humors and germs from various sources often get into the blood, and then this great life-stream becomes a source of infection and disease, instead of a nourishing, health-sustaining fluid. Heredity is likewise an important factor, regulating the quality of the blood. Some persons are born with tainted blood from diseased ancestry, and Scrofula in one of its numerous forms is sure to crop out some time in life. Not only poisons in the blood are responsible for disease, but when the circulation is run down and becomes poor and weak in quality, then we see the effect in a general bad condition of health, such as weakness, sallow complexions, boils, and various skin eruptions. All blood troubles require a tonic and blood purifier, and none other equals S. S. S. It goes down to the very foundation of the trouble, and removes every particle of the poison or impurity from the blood. And not only does S. S. S. antidote the poisons, humors and germs, but it possesses health-giving, tonic properties, which build up and strengthen weak, impoverished blood, and fortifies the system against disease. S. S. S. permanently cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Eczema, Tetter, and all other skin diseases and disorders. Book on the blood and any medical advice free.

J. T. Manning, the clever and successful young merchant of Clark, spent Sunday in this city with friends. Mr. Manning formerly resided here, and has many friends who are always glad to see him.

The Gainesville Dairy is now ready for business, and will be pleased to serve customers daily with fresh, rich milk, from thoroughbred Jerseys. Phone 178, get on the list, and have your milk delivered pure and fresh every day.

Doc. Beasley, for many years a resident of Waldo, but who is now making his home in California, was renewing the acquaintance of his old Gainesville friends yesterday. Mr. Beasley is on a visit to his sister, Mrs. Florrie Geiger, in Waldo.

J. E. Ivers has returned from Jacksonville, where he has been for the past few days. Upon his return he was accompanied by his grand-daughter, Mrs. L. E. Murphy, and children, who will remain here for some time as guests of Mr. and Mrs. Ivers.

Mr. and Mrs. Howard Arnold have moved from their former cozy cottage on East Church street to the home recently vacated by H. A. Ford, which was purchased by them. It is understood that Dr. and Mrs. J. F. McKinstry, Jr., will occupy the cottage vacated by Mr. and Mrs. Arnold.

The new furnace heater, just installed at Holy Trinity church, was appreciated by the congregation Sunday evening, as it kept the building in a most comfortable condition. This heater is one of the most modern on the market, being of the Peck-Williamson Company make. Those attending Holy Trinity in future are assured of the best comfort, as far as temperature is concerned.

OLD PEOPLE OF GAINESVILLE NEED VINOL

It Strengthens and Vitalizes.

With old age comes feebleness and loss of power; the organs act more slowly and less effectually; the blood is thin, sluggish and watery; digestion is weak and food is not assimilated as it used to be.

Vinol repairs worn tissues and checks the natural decline. It tones up the digestive organs, aids assimilation, makes rich, red blood, and strengthens every organ in the body. In this natural manner Vinol replaces weakness with strength.

Vinol is not a patent medicine but a delicious cod liver preparation which contains all the medicinal body building elements of cod liver oil in a concentrated form, taken from fresh cods' livers, the useless oil eliminated and tonic iron added.

It is because we know so well of what Vinol is made that we offer to return money if it fails to benefit.—W. M. Johnson, Druggist, Gainesville, Florida.

A Quiet Marriage.

There was a quiet marriage at the home of Mr. and Mrs. Joseph Avera, East Liberty street, Sunday evening, when their charming daughter, Miss Beatrice, was united in the holy bonds of matrimony to J. Mosby Taylor, Rev. S. B. Rogers, of the First Baptist church, officiating.

The contracting parties are both well-known and popular young people of this city, and their friends unite in wishing them a long and happy married life.

Mr. and Mrs. Taylor will make their home on East Boundary street, with the groom's parents, Mr. and Mrs. A. W. Taylor.
